Step it Up

Existing form. New colourways.

Born out of the Look Both Ways collection, Step it Up is a versatile foundation, giving endless combinations to a floorplate.

The extended Step it Up colour range combines the best urban greys with streetwear-inspired colours and autumnal shades to unify and ground a space.

The breadth of design and colour options housed in the Step it Up ensures every metre of space can have its own unique identity.

Step it Up is carbon neutral throughout its entire lifecycle through our Carbon Neutral Floors™ programme.
